Harleysville, PA 19438

Dear Relay For Life Supporter,

On behalf of the American Cancer Society I would like to thank you for your generous support of the Relay For Life of Bensalem and the Relay For Life of Fairless Hills. Your donation of ice kept our water, soda and juice cold and kept the participants going all 24 hours long. We could not have been successful without your kindness and generosity.

The 2008 Relay For Life of Bensalem and the Relay For Life of Fairless Hills were both successful events, raising over \$198,000.00 and \$78,000.00 to fight cancer! We owe our success to participants and donors like you. We greatly appreciate your efforts in helping us continue our mission in the fight against cancer.

Again thank you for your generous support. We look forward to working with you again in the future!

Sincerely,

A handwritten signature in cursive script that reads "Jennifer Egg".
